

## IFM Local Food Business Profile - Renaissance Farm

### Farm Overview

Family-owned since 1985, Renaissance Farm, Inc., is an award-winning artisanal food producer located in Spring Green, Wisconsin. They farm several acres of certified organic herbs, mostly basil. They manufacture four specialty food product lines for retail and six foodservice lines. Their seven varieties of all-natural pesto, herb-infused extra virgin olive oils, super premium pesto vinaigrettes, and Zalta herb-infused sea salts are available through distribution. The foodservice product lines include the above products and our Ready to Stuff line including frozen baked acorn and heart of gold acorn squash halves and our basil base which is our basil purred with olive oil and frozen. This is used in sauces, pasta dishes and pizza. They can provide testimonials from long term customers using this product. The mission is to create, enjoy, and share flavorful and fun food!
