Amendment # ZLR-1
Sponsor/Committee: Supv. Vogel
Oversight Committee Action: Zoning and Land Regulation-Approve 4-1 (Wendt voting no)
Personnel & Finance Action: p. 299
Department: Department of Planning and Development
Program: Planning

Motion:
(revenue/expenditure/text effect) Expenditures be increased by $12,600 for salary and benefits to retain the planner position from October 26 through December 31, 2007.

Program/Personnel Effect: The planner position is involved with the housing and economic development elements of the comprehensive plan. Funding this position to the end of the year will provide key implementation activity for the plan.

Intent/Justification

The position of planner was created in 2003 and was funded by Register of Deeds revenue collected for each home sale based on Land Information Office funding. As a result of the declining real estate market and expenses in the Land Information Office, the original source of funding is unavailable to fund this position for the last two months of 2007. The position plays a critical role in housing and economic development planning and will be particularly important to the implementation of these elements of the Dane County Comprehensive Plan. Without additional funding, it is unlikely that implementation of these elements will occur.

| Motion: | Expenditures be increased by $12,600 for salary and benefits for a .2 zoning inspector position. |

| Program/Personnel Effect: | One of the zoning inspector positions is for .8 FTE. The increased expenditure will allow the department to fill this position with a full time inspector. |

<table>

<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>PDZNGPLR</td>
<td>Various</td>
<td>salary and benefits for .2 zoning inspector</td>
<td>$12,600</td>
</tr>
</tbody>
</table>

Intent/Justification
The 2007 proposed budget includes 5.8 zoning inspectors in the Department of Planning and Development. The department has experienced difficulty filling the .8 inspector position because qualified prospective employees have been unwilling to work less than full time. Funding an additional .2 will result in a full time position and thereby facilitate filling the position and providing the department the much-needed support of this zoning inspector.

NET GPR EFFECT: $12,600
Motion:
Add the following language to Res. 142, 2006-2007:
"Staff from the Department of Public Works, Highway and Transportation and the Department of Land and Water Resources will prepare a priority list of capital projects that will improve storm water run-off at existing county facilities. The staff report will be presented to the Public Works and Transportation and Environment, Agriculture and Natural Resources Committee by July 31, 2007."

Program/Personnel Effect:

Line Item Detail (not required for introduction, attach additional listing if necessary)

<tr>
<th>Org</th>
<th>Object</th>
<th>DESCRIPTION:</th>
<th>Amount</th>
</tr>
</thead>
</table>

Intent/Justification
While the county is addressing storm water projects through cost sharing projects included in the Land and Water Legacy Fund, it is important that the county work to improve storm water run-off at it’s own facilities.

Amendment # EANR-2

Sponsor/Committee: Supervisor Suslick

Oversight Committee Action: Environment, Agriculture and Natural Resources-Approved 4-0

Personnel & Finance Action:

Narrative Page: Operating Resolution

Program:

Motion: To amend Res. 141, 2006-2007 to include the following language: "County staff will begin weed cutting in April or early May to aid in suppressing nuisance conditions by cutting when plant mass is less and stressed by over-winter conditions. The intent is to increase efficiency and meet harvesting goals earlier in the season; possibly reducing complaints. This may involve purchase of new harvesters or use of interim staff to operate harvesters until summer staff (primarily students or teachers) are available. Interim staff are usually available in late May to early June."

Program/Personnel Effect:

<tr>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Intent/Justification

The purpose is to do what some think is equivalent to a herbicide program. We have learned this year, that an early harvest allowed native plants later in the summer. Again, the funds for the LTE's on the harvesters come from the landfill budget. Without the formal report to the board, and recommendations, some non finance obligation language that directs the department is needed.

NET GPR EFFECT: ______________
Residents of Dane County are seeking short and long-term solutions to lake quality issues. The APMC recommendations involve improving lake quality for scenic beauty, recreational, fishing, swimming, competitive sports and other uses. The County has an ongoing long-term plan. The APMC recommendations will put into place short-term, real-time, immediate solutions to lake quality.

<td>94974</td>
<td>Borrowing Proceeds</td>
<td>($2,000,000)</td>
</tr>
</tbody>
</table>

Intent/Justification
Department request was $3,000,000. With the recent economic and real estate slow down there is less development and price inflation of land in Dane County. These funds would be better used for higher priority items.

Oversight Committee Action:  Public Works and Transportation-Approved 3-1
Personnel & Finance Action:  

Narrative Page:  p. 328/DI # SW-ADMN-4
Department:  Solid Waste
Program:  Administration and Special Projects

Motion:  (revenue/expenditure/text effect)
I move to decrease expenditures by $6,700 in the Solid Waste/Administration and Special Projects program in order to remove funds being transferred to the Department of Planning and Development.

Program/Personnel Effect:  This amendment eliminates an increase in funds transferred from the Solid Waste Fund to the Department of Planning and Development in Decision Item #4. The position to be funded from the solid waste fund does not provide services to the landfill, and state law requires that funds derived from tipping fees be used only for solid waste costs.

### Amendment #
PWT-2a

### Sponsor/Committee:
Supv. deFelice

### Oversight Committee Action:
Public Works and Transportation-Approve 5-0

### Personnel & Finance Action:

### Narrative Page:
p. 99

### Department:
Treasurer and Administration/Controller

### Motion:
(expenditure/text effect) expenditures be increased by $60,000 in a new HELP special revenue fund for a property tax deferral pilot program.

### Program/Personnel Effect:
This allocation is intended to be the first of three $60,000 annual installments to fund a 3-year pilot property tax deferral program (the HomE Loan Program or "HELP") which would allow low and moderate-income senior citizens, aged 65 and older to borrow against the equity of their homes to pay property taxes and/or special assessments due in the year the HELP loan is taken. Interest on a HELP loan would be charged at a simple rate equal to the Bond Buyer Index on the Friday preceding the loan closing. HELP loans must be repaid no later than the date on which ownership of the residence is transferred to any other party, not a spouse of the homeowner. Eligibility and program specifics will be included in a resolution establishing the program.

### Line Item Detail (not required for introduction, attach additional listing if necessary)

<tr>
<td>new</td>
<td>new</td>
<td>Property Tax Deferral Pilot Program</td>
<td>$60,000</td>
</tr>
</tbody>
</table>

### Intent/Justification
The elderly have the highest rate of home ownership and also experience pressures of a fixed income and rising costs. This amendment allocates funding for 3-year pilot property tax deferral program (to be fully defined by resolution) whereby a homeowner that met specific eligibility requirements regarding age, income, and accrued equity, could borrow against the equity of their homes to pay property taxes and/or special assessments owed in the year the taxes or special assessments are due. Funding would be sufficient to provide deferred property taxes to approximately 20 taxpayers.

### Oversight Committee Action:
Public Works and Transportation-Approve 5-0

### Personnel & Finance Action:

### Narrative Page:
p. 332

### Department:
Solid Waste

### Program:
Landfill Site #2 - Rodefeld

### Motion:
(revenue/expenditure/text effect)

Increase expenditures by $60,000 from the Solid Waste Fund, Landfill Site #2 - Rodefeld - to provide a loan of funds to the property tax deferral pilot program; with all loan payments being repaid to the Solid Waste Fund until the fund is made whole. The intent is that the full amount be repaid within 10 years.

### Program/Personnel Effect:
This loan from the Solid Waste Fund is intended to be the first of three $60,000 annual installments to fund a 3-year pilot of a property tax deferral program (the HomE Loan Program or "HELP") which would allow low and moderate-income senior citizens, aged 65 and older to borrow against the equity of their homes to pay property taxes and/or special assessments due in the year the HELP loan is taken. Eligibility and program specifics will be included in a resolution establishing the program.

</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td>Loan Solid Waste Fund dollars for HELP program</td>
<td>$60,000</td>
</tr>
</tbody>
</table>

### Intent/Justification
This amendment would provide funding in the form of a loan from the Solid Waste Fund to a 3-year pilot property tax deferral program. The program, (to be fully defined by resolution) would require loans of $60,000 per year over three consecutive years, and all loan payments would be repaid to the Solid Waste Fund until the fund is made whole. The expectation is that the Solid Waste fund would be whole within 10 years.

**NET GPR EFFECT:** $0
