Intent/Justification
Both the Parks Division and Extension Department are working to support the development of use of county land for food production, but there is no position to provide direct coordination of programs once established. A Farm Coordinator who has knowledge and experience could work to recruit and select growers, provide technical assistance, serve as a liaison to the Park Division in managing leases, and bring Extension and other University resources to the growers to provide the business planning, grower education and support needed to insure their success.

Intent/Justification

The Executive's budget assumed that the cleansweep fee would be reduced from $10 to $5 per trip. The Solid Waste Commission and the Public Works and Transportation Committee have recommended that the fee remain $10. This recommendation is based on the reports that the number of trips to the cleansweep facility have declined, but the volume of waste has not. It is assumed that the higher fee is reducing the number of trips to the site, therefore conserving community resources such as time and fuel.

This amendment recognizes the additional revenue projected to be generated by the $10 fee.

Motion: Increase expenditures $147,900 and revenue $67,500 in the Sheriff's Office to create 2.0 FTE Sheriff Deputy I-II positions and reflect an increase in IV-D revenue for Federal Reimbursement for two Deputy Sheriff Bailiff positions that will be assigned to IV-D security/cases. The revenue estimate reflects 6 months of revenue due to training time for the new positions and partial reimbursement for deputy time on IV-D eligible work during the first six months of 2014. Add the following language to Res. 151: “The Department of Administration will work with the appropriate stakeholders on the possible development and implementation of improved court calendaring practices and improvement of the efficiency of bailiff services. It is hoped the new bailiffs in the family court area and future calendaring enhancements will work together to enhance safety throughout the courthouse, not just in the family court area. Furthermore, the judiciary is encouraged to continue ongoing safety discussions with the courthouse security committee involving formulation of a comprehensive plan with possible design changes or remodeling to make the second floor area a safer working environment for all courthouse functions using this area.”

**NET GPR EFFECT:** ($10,300)
The wage rate for the staff attorneys is set annually in the operating budget resolution. The rate that was included in the resolution as introduced was incorrect and did not reflect the increase provided in Res. 275, 12-13, which set the rate at $14.83, nor did it include changes which would provide parity among this employee group with other employees of Dane County. This amendment corrects the wage rate for 2014.

Department: Office of the Sheriff
Program: Administration
Motion: 
(revenue/expenditure/text effect) Expenditures be increased by $20,000 in the Office of the Sheriff - Administration for an initiative to provide grants to public and private crime prevention agencies. A Crime Prevention Board will provide program oversight and approve grant awards on a semi-annual basis. Add the following language to Res. 151: "A Crime Prevention Board shall be established to develop program criteria and distribute crime prevention grants to government law enforcement agencies and private crime prevention organizations on a semi-annual basis. The Crime Prevention Board shall be composed of the following or their representatives: the County Executive, the Sheriff, the District Attorney, the Madison Mayor, the Dane County Presiding Judge and a representative of the Dane County Chiefs of Police Association. The Crime Prevention Board shall be staffed by the Sheriff's Office."
Program Effect: The amendment creates a new crime prevention program to support crime prevention in the community.

Intent/Justification
The two existing Dane County Elder Benefits Specialists staff are overwhelmed due to the increased number of program referrals and complexity of these referrals. Since April 2012, the program has experienced a 64% increase in the number of senior adults requiring services. The proposed budget includes a .5 FTE. AAA B oard requests the addition of .5 FTE to make this a full-time position. Department: Human Services

Program: Children, Youth and Families - Juvenile Justice Services

Motion: Expenditures be increased by $85,000 in the Department of Human Services - Children, Youth and Families Division - Juvenile Justice Services program to create a community court pilot project to address potential misdemeanor charges committed in a neighborhood or by a neighborhood resident aged 17 - 25 years old. The program would include 1.0 FTE community service coordinator (SW 16-18) at a cost of $70,000 for salary and benefits for 12 months and $15,000 for discretionary funds.

Program Effect: The primary purpose of developing a community court is to address the high involvement of youth in the criminal justice system by diverting youth, aged 17 - 25, from entering the system and developing a criminal record. Locating the project in an area where there is disparate racial involvement with law enforcement would address racial disparities in the justice system.

</tr>
</tbody>
</table>

Intent/Justification

One approach to decrease the racial disparity in the criminal justice system is to keep individuals from entering the system at a young age. Other communities have had success with a community court model. This amendment provides funding for a pilot project in one Dane County neighborhood to develop and implement a community court for individuals of all races aged 17 to 25 who live in the neighborhood and commit a potential misdemeanor offense. While maintaining respect for the law, community courts provide offenders with immediate and meaningful sanctions, as well as the opportunity to repay the community for the offenses they have committed. They are the logical extension of restorative justice circle conferencing in middle schools and teen courts in high schools.

NET GPR EFFECT: $85,000
Neither expenditures nor revenues be changed and the following provision be added to the Dane County Operating Budget Resolution, "The Department of Human Services shall work with the Racial Disparities Subcommittee of the Criminal Justice Council to identify the neighborhood for the pilot project and make a recommendation to the Criminal Justice Council which shall make the final determination of the project site by March 31, 2014. The Department of Human Services shall report on program development and implementation to the Health and Human Needs Committee, the Public Protection and Judiciary Committee, and both the Criminal Justice Council and the Racial Disparities Subcommittee by June 30, September 30, and December 31, 2014."

This provision specifies a process for choosing the site for the community court pilot project and also clarifies reporting relationships and requirements.

**Intent/Justification**

With the economic recovery and the large number of persons projected to retire from various construction trades occupations, there is a unique opportunity for disadvantaged and minority persons to gain employment in the building trades, which provide wages adequate to sustain a family. Entry into these occupations has historically been difficult for persons with minority status. WRTP/Big Step is working to replicate a program that assists such persons in attaining apprenticeships in the trades.

### Motion:

(Revenue/expenditure/text effect)

Expenditures be increased by $35,000 in the Department of Planning and Development to fund a POS contract and LTE position(s) for a communitywide inventory of air pollutants, including greenhouse gas emissions, throughout Dane County business, not-for-profits, and residences; an inventory of conservation and efficiency opportunities and renewable energy resources; and the creation of a climate action strategic plan for the greater Dane County community. Expenditures would be broken down as follows:

- $24,000 for the POS contract
- $11,000 for LTE position(s)

Deliverables would include data regarding current pollutants, a list of available resources, and a strategic plan for air quality improvement.

### Program Effect:

Workload of 200 hours is anticipated for the LTE(s) (supervised and facilitated by staff) to let the RFP and manage the contract, ensure completion of work by consultants, facilitate internal county staff review of the draft strategic plan, and hold a public meeting with stakeholders highlighting the study results.

### Intent/Justification

This amendment proposes an increase in operating expenditures for a purchase of service contract and LTE(s) to complete an inventory of air pollutants, conservation and efficiency opportunities; an inventory of renewable energy resources; and a climate action strategic plan. Staff in the Department of Planning and Development would oversee LTE work on the project.

Intent/Justification

NET GPR EFFECT: $45,000
Increase expenditures by $2,987 in the County Board Office - Legislative Services and the Administrative Assistant II position be reclassified to a Legislative Management System Specialist (P7) effective April 15, 2014 when the new legislative management system is fully implemented and reduce expenditures by $2,987 in the County Board office supply line.

This change reflects the changing nature of the position with the implementation of legislative management software.

The County Board Office is in the process of implementing a new legislative management system. The duties of the Administrative Assistant II position will change to reflect the new approach and include providing support and training to County Board members and staff in the use of the software, assisting with the management of the flow of items throughout the legislative process, and serving as a "help desk" resource to those navigating the system. The P7 classification is used in other departments for similar technology support functions. The cost of this increase will be offset by the reduction of printing as a result of the use of technology rather than paper at meetings.

2014 BUDGET AMENDMENT

Amendment # P&F-14

Sponsor/Committee: Supervisors Stubbs and Corrigan

Oversight Committee Action: Executive - not presented

Personnel & Finance Action:

Narrative Page: p. 41

Department: County Board

Program: Legislative Services

Motion:
(revenue/expenditure/text effect)

Program Effect:

FTE Effect: .5 FTE

Expenditures be increased by $48,626 in the County Board Office-Legislative Services to increase the current .5 FTE program analyst position (M11) to a 1.0 FTE Equity Coordinator/Program Analyst (M11) and transfer the incumbent in position #2537 in the County Executive - Office of Equal Opportunity to fill the new 1.0 FTE position in the County Board Office. This position will also serve as the Criminal Justice Council Facilitator.

Expenditures be decreased by $2,200 and the position of Grants and Outreach Coordinator (P8) remain unchanged.

The amendment increases the position in the County Board Office from .5 FTE to 1.0 FTE, creates a focus on equity and support of the CJC, and transfers the incumbent currently serving as the grants and outreach coordinator in the OEO to this position. This increases the capacity of the county to address equity issues and reduce racial disparities.

Intent/Justification

The proposed budget reclassifies the current grants and outreach coordinator in the Office of Equal Opportunity to the Criminal Justice Council Facilitator. This amendment increases the .5 FTE program analyst position in the County Board Office to a 1.0 FTE and assigns the incumbent in the grants and outreach coordinator to this new position, now the equity coordinator/program analyst. The duties of the new position will include facilitating the CJC, and serving as equity coordinator for county government. These duties build on the program analyst position which include staff support to the Poverty Commission.

**Intent/Justification**

In 2012 the Criminal Justice Council established 3 informal work teams to address specific issues. For the most part, these were staff teams that met for a brief time. Only one of these groups, the racial disparities work group, has continued to meet on a regular basis with the same membership for over a year. With the establishment of a community court initiative, this group will serve as a sounding board for the effort. It is appropriate to formalize the racial disparities work group as a subcommittee of the Criminal Justice Council.
