**DANE COUNTY BOARD OF SUPERVISORS
2014 BUDGET AMENDMENT**

Amendment # <u>EANR 2-Revised</u>			
Sponsor/Committee:		Supervisor Richmond	
Oversight Committee Action:		Environment, Agriculture and Natural Resources, approved 4-1	
Personnel & Finance Action:			
Narrative Page:		p. 388	
Department:		Extension	
Program:		Extension	
Motion: (revenue/expenditure/text effect)		Expenditures be decreased by \$6,500 and revenues be decreased by \$23,600. The Extension has a decreased role in supporting the Institutional Food Market (IFM). Staff, equal to 0.5 FTE, that formerly provided that role will be reassigned to support agricultural activities on county-owned land. Continues support of the IFM will be provided by other Extension staff. As Dane County moves toward making more county-owned land available for local food production, there is a need for someone to oversee and coordinate these efforts. This amendment recognizes the changing role that Extension is playing in the local food community and removes revenue and expenses related to the IFM.	
Program Effect:			
FTE Effect:	-		
Line Item Detail (not required for introduction, attach additional listing if necessary)			
Org	Object	DESCRIPTION:	Amount
EXTENSN	21192	IFM Expenses	(\$6,500)
EXTENSN	82506	IFM Meeting Revenue	(\$18,600)
EXTENSN	82507	IFM Membership Revenue	(\$5,000)
Intent/Justification			
Both the Parks Division and Extension Department are working to support the development of use of county land for food production, but there is no position to provide direct coordination of programs once established. A Farm Coordinator who has knowledge and experience could work to recruit and select growers, provide technical assistance, serve as a liaison to the Park Division in managing leases, and bring Extension and other University resources to the growers to provide the business planning, grower education and support needed to insure their success.

The Solid Waste Commission and the Public Works and Transportation Committee have recommended that the fee remain \$10. This recommendation is based on the reports that the number of trips to the cleansweep facility have declined, but the volume of waste has not. It is assumed that the higher fee is reducing the number of trips to the site, therefore conserving community resources such as time and fuel.</p> <p>This amendment recognizes the additional revenue projected to be generated by the \$10 fee.</p>

Amendment # HHN 7 p. 1-Revised

Personnel & Finance Action:			
Narrative Page:	P. 226		
Department:	Human Services		
Program:	Children, Youth and Families - Juvenile Justice Services		
Motion: (revenue/expenditure/text effect)	Expenditures be increased by \$85,000 in the Department of Human Services - Children, Youth and Families Division - Juvenile Justice Services program to create a community court pilot project to address potential misdemeanor charges committed in a neighborhood or by a neighborhood resident aged 17 - 25 years old. The program would include 1.0 FTE community service coordinator (SW 16-18) at a cost of \$70,000 for salary and benefits for 12 months and \$15,000 for discretionary funds.		
Program Effect:	The primary purpose of developing a community court is to address the high involvement of youth in the criminal justice system by diverting youth, aged 17 - 25, from entering the system and developing a criminal record. Locating the project in an area where there is disparate racial involvement with law enforcement would address racial disparities in the justice system.		
FTE Effect:	1.00		
Line Item Detail (not required for introduction, attach additional listing if necessary)			
Org	Object	DESCRIPTION:	Amount
		1.0 FTE community service coordinator	\$70,000
		Discretionary funds	\$15,000
Intent/Justification			
<p>One approach to decrease the racial disparity in the criminal justice system is to keep individuals from entering the system at a young age. Other communities have had success with a community court model. This amendment provides funding for a pilot project in one Dane County neighborhood to develop and implement a community court for individuals of all races aged 17 to 25 who live in the neighborhood and commit a potential misdemeanor offense. While maintaining respect for the law, community courts provide offenders with immediate and meaningful sanctions, as well as the opportunity to repay the community for the offenses they have committed. They are the logical extension of restorative justice circle conferencing in middle schools and teen courts in high schools.</p>
